Colin Clout's Calendar, 1512 Grant Allen,2018-02-23 Excerpt from Colin Clout's Calendar, 1512: The Record of a Summer, April-October The little Essays which form this volume originally appeared in the St. James's Gazette, ' and I owe many thanks to the Editor for his kind permission to republish them in their present form. The greater number of the papers are botanical, and these, I hope, will be found to contain some new and original evolutionary views. The remainder, dealing with the animal world, though not, I trust, mere transcripts, owe more to such previous and more serious works as those of Mr. Darwin, Mr. A. R. Wallace, Mr. Herbert Spencer, and Professor Weismann. I ought also to express my indebtedness in the botanical portion to Dr. Bentham, Sir Joseph Hooker, Professor Sachs. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.

The Medici: Portraits and Politics 1512-1570 Keith Christiansen,Carlo Falciani,Andrea Bayer,Elizabeth

Cropper, Davide Gasparotto, Sefy Hendler, Antonella Fenech Kroke, Tommaso Mozzati, Elizabeth Pilliod, Julia Siemon, Linda Wolk-Simon, 2021-04-19 Between 1512 and 1570, Florence underwent dramatic political transformations. As citizens jockeyed for prominence, portraits became an essential means not only of recording a likeness but also of conveying a sitter's character, social position, and cultural ambitions. This fascinating book explores the ways that painters (including Jacopo Pontormo, Agnolo Bronzino, and Francesco Salviati), sculptors (such as Benvenuto Cellini), and artists in other media endowed their works with an erudite and self-consciously stylish character that made Florentine portraiture distinctive. The Medici family had ruled Florence without interruption between 1434 and 1494. Following their return to power in 1512, Cosimo I de' Medici, who became the second Duke of Florence in 1537, demonstrated a particularly shrewd ability to wield culture as a political tool in order to transform Florence into a dynastic duchy and give Florentine art the central position it has held ever since. Featuring more than ninety remarkable paintings, sculptures, works on paper, and medals, this volume is written by a team of leading international authors and presents a sweeping, penetrating exploration of a crucial and vibrant period in Italian art.
